<b>NOTICE</b>	Failure to acknowledge all addenda in the BID may cause rejection of the BID. See Instructions to Bidders.		

### SCOPE OF THIS ADDENDUM

The following becomes a part of the original project manual and drawings, taking precedence over the items that may conflict. The bidder shall note receipt and make acknowledgment of the Addendum on his/her bid form, incorporating its provision in his/her bid.

### PROJECT MANUAL

The following additions, changes and clarifications have been made to the Project Manual.

Based on input from potential Bidders, pipe suppliers are not providing a quote for metallic pipe. The Base Bid (Station 255+21 to 846+30) allows use of PVC pipe. However, the Bid Alternate (Station 846+30 to 1044+50), due to higher working pressure, requires use of metallic pipe. The Bid Alternates were considered to be “mandatory” alternatives and now classified as “optional” alternatives and the words “No Bid” or “Not Applicable” may be entered in accordance with Section 00410 – Bid Form, paragraph 13.02.

In Section 00410 – Bid Form (Article 5). Delete the following statements from the table on page 00410-7:

“Bidder must also submit a bid for either Bid Alternative, Option 1A or 1B (only one) and complete Section 00421 for work required for steel pipe from Station 846+30 to 1044+50.”

“Bid Base Bid and only one Bid Alternate”.

In Section 00410 – Bid Form (Article 5). Delete the following statements from the table on page 00410-8:

“Bidder must also submit a bid for either Bid Alternative, Option 2A or 2B (only one) and complete Section 00422 for work required for ductile iron pipe from Station 846+30 to 1044+50.”

“Bid Base Bid and only one Bid Alternate”.
